

Remarks

In response to the non-final office action of November 4, 2004, Applicant submits this response. Claims 1-6 and 9-11 remain pending. Claims 5 and 6 have been amended. Claims 7-8 have been withdrawn per the election of April 29, 2004.

Claims 5 and 6 stand rejected under 35 U.S.C. 112, second paragraph. In response, Applicant has amended claims 5 and 6 to address the antecedent basis issues raised by the Examiner. Applicant submits this rejection of claims 5 and 6 has been overcome.

Claims 1, 3-6, 9, and 11 stand rejected under 35 U.S.C. 102(e) as being rejected over Gao. Applicant traverses the rejection.

Claim 1 recites, *inter alia*:

“...said graphical user interface displaying form content
and HTML content in a common window.”

Gao fails to disclose form content. Rather, the sections addressed by the Examiner relate to standard HTML elements, not form elements. Because Gao fails to disclose the use of form elements as claimed in the common window, Applicant submits that claim 1 is allowable over Gao. Independent claims 4 and 9 are allowable for similar reasons. Dependent claims 3, 5-6, and 11 are allowable at least for being dependent on allowable independent claims.

Claims 2 and 10 stand rejected over the combination of Gao in further view of Kulkarni et al. Applicant traverses the rejection.

Claim 2 recites, *inter alia*:

“...wherein said graphical user interface includes tabs
permitting access to said form content.”

On the other hand, Kulkarni teaches the use of tabs associated with the history of previous browsing sessions. See column 8, lines 4-45. There is no recitation of form content associated with the tabs of Kulkarni. Accordingly, as Kulkarni fails to teach or suggest the use of form content and Gao also fails to teach or suggest the use of form content, Applicant submits claims 2 and 10 are allowable over the combination.

All rejections have been addressed. If the Examiner has any questions, he is invited to contact the undersigned to further the prosecution of the invention.
